

# Aljaž Frančič, PhD

Computer Programmer
Born March 1, 1993

## Work experience

2022 ↑ 2018

### Young Researcher, Teaching Assistant

System Software Laboratory,
Faculty of Electrical Engineering and Computer Science,
University of Maribor

- Biomedical signal processing with focus on electromyography (MATLAB, R, LaTeX)
- Machine learning (Python, NumPy, Matplotlib, TensorFlow, Keras)
- Computer vision (Python, NumPy, OpenCV)
- Bibliography (COBISS)

### **Education**

2023 ↑ 2012

### **University of Maribor**

Faculty of Electrical Engineering and Computer Science

- 2023: PhD, Computer Science and Informatics
  Doctoral dissertation: Software pipeline for computationally efficient
  and robust estimation of motor unit firing times from high density
  surface electromyograms
- 2018: Master's degree, Computer Science and Information Technologies Thesis: Robot control with a neural network and a muscle-machine interface
- 2015: : Erasmus+ student exchange at Tampere University, Finland
- 2015: Bachelor's degree, Computer Science and Information Technologies (UN)

Thesis: Automatic mouth detection from digital images by using active models

2012 ↑ 2008

### II. gimnazija Maribor

The National Grammar School Programme

• Zois scholarship recepient

## **Projects highlights**

### stonks-bot

Discord bot that pulls the prices for user-defined coins from CoinGecko for a user-defined number of last days and displays them in a plot in a relative manner (Python, NumPy, Matplotlib, Discord API, AWS)

#### 8d-audio-homebrew

Jupyter notebook that converts a regular wav file into an 8d audio wav file (Python, NumPy, Matplotlib)

#### **Guide2Music**

Android mobile application – interactive musical landmarks guide to Slovenian musical attractions using augmented reality (C#, Unity)

### sudoku-solver

Computer vision solution that finds a sudoku puzzle in a photo, extracts the puzzle grid, recognizes the numbers in the grid, finds the solution to the puzzle and projects it onto the original photo (Python, OpenCV)

### **BIKE-DRIVE**

Research and development of an electric bike

### Contact

#### , Email

aljaz.francic@gmail.com

## **Skills**

- Python
- C#
- C/C++
- Java
- MATLAB
- R
- LaTeX
- Git
- Bash
- Regex
- JavaScript
- HTML
- CSS
- MySQL
- AWS
- Heroku
- Myo
- Oculus
- Kinect
- Adobe Photoshop
- Microsoft Office

## Languages

- English (fluent)
- Slovenian (native)

## Hobbies

Walking, jogging, swimming, Magic the Gathering (trading card game), Old School RuneScape (videogame)

### Other

Easy-going, I like challenges, creative, I've been programming since 2009
